Hi Craig,

Thanks for these eMails and those from your biking list.

I would like to make sure that you are not backing the secret the ant-Israel BDS Resolution up for vote at the Cambridge City Council on Thursday (of course, since the exact resolution has not been made available to the public I can only guess, based on similar resolutions proposed elsewhere, the contents of the resolution). In fact, the resolution's organizers are part of the anti-Semitic BDS (boycott, divestment and sanctions) campaign that seeks to isolate and delegitimize the Jewish state and only the Jewish state.

The usually canard is that these items are "only" anti-Israel, not anti-semetic, but importantly, the Reverend Martin Luther King, Jr., disagreed, saying shortly before his death "When people criticize Zionists they mean Jews, you are talking anti-Semitism."

The definition of bigotry/discrimination is the unequal treatment of one group as compared to other groups. If the BDS advocates were really interested in equal treatment of all, there would be a similar resolution condemning the treatment of gay men in Gaza, the second class status of women in Saudi Arabia, the mistreatment of those of the Bahai faith in Iran, the pogroms against the Coptic Christians in Egypt, etc.

On May 4th 2017, when Senator Bernie Sanders was asked by an al Jazeera interviewer whether he "respected" BDS as a legitimate nonviolent protest movement, Sanders said, "No, I don't." The senator suggested in his reply that the tactic was counterproductive as a means of bringing the sides to peace talks. "People will do what they want to do, but I think our job as a nation is to do everything humanly possible to bring Israel and the Palestinians and the

entire Middle East to the degree that we can together, but no, I'm not a supporter of that," he said.
Similarly, on February 23rd, 2016, President Obama said "I have directed my administration to strongly oppose boycotts, divestment campaigns, and sanctions targeting the State of Israel."

Please stand up and vote against the resolution, Please do not disappoint your friends.

Thanks, Don

Dgburstyn --

Earlier today, GOP Speaker of the House Paul Ryan announced his retirement. An hour later, Republican Dennis Ross of Florida announced *his* retirement,

making it three GOP Senators and 25 GOP Representatives who have thus far announced they will not seek re-election in November. Increasingly, it looks like Democrats could have a Blue Wave in November, but **that will only happen if those of us in safe districts give help in districts where help is needed.**Which is why I am even more enthusiastic than ever about supporting Ohio's Ken Harbaugh for Congress.

I hope you can meet Ken at Martha and Tom Sieniewicz' house in Cambridgeport on Wednesday, 25 April at 7 PM and join me on the Blue Wave Train. With his military experience, his humanitarian entrepreneurship and his social advocacy history, Ken is a perfect antidote for what ails Congress right now. He is a good man with great experience, not bound by party ideology but rather driven by the desire to make the world a better place for all of us. That's the sort of person we need in Washington. Meet Ken here.

Ken can win this district. Democratic Senator Sherrod Brown carried the district with 54.7% of the vote in 2010 and Obama almost broke even with 48% of the vote in 2012. While Trump won the district, along with Ohio, in 2018, it is very much a purple district. Even more so given that Ken's primary opponent has shut his website down and stopped raising money, allowing the Harbaugh campaign to focus exclusively on the general election in November.

There is a lot that is, or could be, right about America and about our American government. But it will only be the best country and the best government possible if we all help to get the right people in office. Ken Harbaugh is one of those people and I hope you will help me and Mayor McGovern send him to Washington.

RSVP or contribute here. I look forward to seeing you in two weeks.

Best,

Craig
